

Arizona Report of Public Agency Performance on Participation and Performance of Children with Disabilities on Statewide Assessments

Note: This report gives information on Indicator 3C—Proficiency Rate. Other assessment reports give information on Indicator 3A—AMO and Indicator 3B—Participation Rate.

Indicator 3C—Proficiency Rate

Proficiency rate for students with IEPs against grade level standards and alternate academic achievement standards.

Measurement

The proficiency rate is the number of students with IEPs who are proficient divided by the total number of students with IEPs. Math and reading proficiency are calculated separately.

Data

The State regular assessment is the Arizona's Instrument to Measure Standards (AIMS) and the State assessment against alternate standards is the Arizona's Instrument to Measure Standards Alternate (AIMS A).

The proficiency data are from school year 2013-2014, reported separately for mathematics and for reading. The data include students with IEPs who took the AIMS or AIMS A with no accommodations or using standard accommodations. The data include all the grades assessed (grades 3 through 8 and high school). The data are the same as used for accountability reporting under Title I of the Elementary and Secondary Education Act (ESEA).

A public education agency (PEA) listed with an asterisk (*) means it had fewer than 10 students with IEPs enrolled in the grades assessed. In these instances, the data are not reported to ensure confidentiality.

Mathematics Proficiency

There is no single State target for mathematics proficiency. Refer to the FFY 2013 Annual Performance Report (APR) at

<http://www.azed.gov/special-education/resources/spp-apr/> for State targets and State results for each grade assessed. The targets listed in the APR are the same as the State's ESEA targets

State Results: 27.8%

This percentage represents the total number of students with IEPs in the State who met or exceeded the standards divided by the total number of students with IEPs in the State who were enrolled on the assessment date.

Reading Proficiency

There is no single State target for reading proficiency. Refer to the FFY 2013 Annual Performance Report (APR) at

<http://www.azed.gov/special-education/resources/spp-apr/> for State targets and State results for each grade assessed. The targets listed in the APR are the same as the State's ESEA targets.

State Results: 41%

This percentage represents the total number of students with IEPs in the State who met or exceeded the standards and who were enrolled for a full academic year divided by the total number of students with IEPs in the State who were enrolled on the assessment date.
